

### M.Sc. Respiratory Therapy

#### Programme Structure:

Courses	Credits
<b>I Semester</b>	
Applied Cardiopulmonary Anatomy and Physiology	3
Advanced Respiratory Care - I	3
Medical Terminology	3
Research Methodology and biostatistics	3
Clinical Skills-I	8
<b>II Semester</b>	
Advanced Respiratory Care - II	3
Emergency Medical Care	3
Pulmonary Rehabilitation	3
Bioethics	3
Clinical Skills -II	8
Open Elective	3
<b>III Semester</b>	
Mechanical Ventilation - I	3
Sleep Medicine & Polysomnography	3
Critical Care Medicine- I	3
Clinical Skills -III	8
Health Care Management	3
Open Elective	3
<b>IV Semester</b>	
Mechanical Ventilation- II	3
Critical Care Medicine- II	3
Clinical Skills-IV	8
Dissertation	12
